Subject: Request for purchase of CO2 incubator on single tender basis

Dear Sir,

We would like to purchase two CO2 incubators for laboratory usage from the Project No. 2019004 for a total approximate price of twelve lakh rupees only. Based on the feedback from other laboratories in the department and our own experience, we have come to a conclusion that Thermo CO2 incubator Model 371 is the most suitable option for our requirements. Therefore, in the interest of time and urgent requirement in the laboratory, I request you to kindly grant us permission to procure these incubators on single-tender basis.

Thank you.

Sincerely yours,
